

AMENDMENTS TO THE DRAWINGS

Please amend the drawings as indicated in the attached drawing sheet.

REMARKS

Applicants thank the Examiner for the thorough consideration given the present application. Claims 1, 3 and 5 - 13 are pending in the present application.

Specification

The Specification is objected to as failing to provide proper antecedent basis for the term “computer readable medium” as used in claim 5. This objection is respectfully traversed.

Applicants respectfully note that the Summary of the Invention portion of the Specification uses the term “data storing means.” Applicants respectfully submit that a computer readable medium is clearly a “data storing means” within the scope of the invention. Accordingly, reconsideration and withdrawal of this objection is respectfully requested.

Substitute Specification

Applicants note that the substitute specification submitted with this Office Action response contains no new subject matter and is merely amended to now discuss the presence of a drawing figure and include the associated reference numbers.

Drawings

The Drawings are objected to as failing to show every feature of the invention specified in the claims. Applicants hereby submit a drawing illustrating the invention as described and claimed. Accordingly, reconsideration and withdrawal of this objection is respectfully requested.

Conclusion

In view of the above amendment, applicant believes the pending application is in condition for allowance. Thus, the Examiner is respectfully requested to reconsider the outstanding objections and issue a Notice of Allowance in the present application.

However, should the Examiner believe that any outstanding matters remain in the present application, the Examiner is requested to contact Applicants' representative, Naphtali Y. Matlis (Reg. No. 61,592) at the telephone number of the undersigned in order to discuss the application and expedite prosecution.
